

Anti Slavery Office April 13. 1846
Mrs Chapman and Abolitionists of Boston
friends of Mr. John A. Collins.

Friends,
I hail

as my notes of introduction herein enclosed will
show from Philadelphia and New York imme-
diately, and previously to that from Steamboats
Community; to which latter place I am
now bound.

I call to see you on friend Collins' ac-
count, and to state to you his situation
more exactly more exactly perhaps than
he would himself like to do. I do it without
his knowledge or consent, thinking that the ser-
vices formerly rendered by him to the cause
in which you are engaged would entitle
him to some consideration at your hands.

You and this cause may just at this time
stand in need of just such a friend as he
has been and may again be to it. Should
this be the case, I cannot say certainly -
but suspect he may now be again had
to devote all his talents and all his ener-
gies - perhaps greater than ever, because un-
shared by the Community Cause as they
formerly were - to it.

The Community enterprise he has got through with and has abandoned - principle and practice. He is out of money of course, out of business, out of credit, to some extent out of spirits and out of health, out at elbows, out in fact of nearly everything but of difficulties.

I am under the necessity of leaving for Skamutiez tomorrow morning. I am sorry that owing to your absence from the city I will be unable to see you. Will you write me or friend Collins himself at Skamutiez in reference to this matter.

Recollect friend C is not aware of my interesting myself for him in this way, and I request you for his sake to treat with him as delicately as possible upon this subject, if you feel interested to do so at all.

With great respect

Your Obedient

Sam^l L. Luzz.
